

GET MORE FROM YOUR VENDING MACHINE

With VendScreen touchscreens, you get full nutrition information directly from your vending machine. And nutrition is just the tip of the iceberg. VendScreen touchscreens enable credit, debit, and mobile payment options, loyalty program support, and support for special pricing.

Benefits of VendScreen:

- Provide Full Nutrition Information
- Recommend Healthy Snack Options
- Loyalty Program Support
- Provide Instant Credit Codes, Eliminating On-Site Refund Management

Exceeds Federal Nutrition Mandates

VendScreen helps your vending machines meet and exceed federal mandates for providing nutrition information as part of the Affordable Care Act.

Instant Refunds & Problem Reporting

Employees can pay the way they like! VendScreen touchscreens accept credit, debit, and mobile payments, such as Google Wallet™ and Apple Pay™.

Employees can receive instant credit refunds for stuck products, lost coins or money, or machine errors, regardless of time of day or shift. In addition, problems can be reported directly to the operator via text or email, helping to keep your machines performing well.

Nutrition Information

Interactive video displays full nutritional facts labels, not just calories. How else could anyone make informed and healthful dietary choices?
